SERVICES

avato Cloud Expertise

avato Cloud Consultants have strong IT skills with extensive experience of performing database migrations. These skills extend to Cloud database migrations, where the target is **AWS (Azure, Google Cloud or Oracle Cloud)**. Security, monitoring, backups and disaster recovery in the Cloud are well understood and considered throughout each migration phase.
avato Cloud Consultants have extensive experience of working directly with clients and therefore have well established communication skills, with a customer-focused approach. The meticulous planning and organisation skills of our consultants provides confidence on the customers´ journey to the Cloud.

The competences and skills expected from an avato Cloud Consultant can be found below.
