How can I make an order?

Ordering at ABOUT YOU is very easy: After you have placed the desired items in your shopping cart, you can click on the button **Checkout** to complete your order. We recommend that you set up a [customer account](#) for this purpose.

As a new customer you can easily create an account **during the order process** and you will be logged in automatically. If you already have a customer account, you can simply log in with your ~~user data (e-mail address and password)~~.

After that you will be guided through the order process in three steps (address - payment method - confirmation) and can complete your order.

► Tip: Create your account directly during the order process
